Hello citizens, I am the Exquisite Vanishteer. And if you are watching this my lucky lucky fans, you have no doubt bought the dvd set to season one of the Exquisite Vanishteer's Uptown and Lowdown.

God, I could use a  
whore from the Deep  
South... really raunchy.

Mmm, menthol.

Aargh!  
My penis!

My  
WONDERFUL  
PENIS!

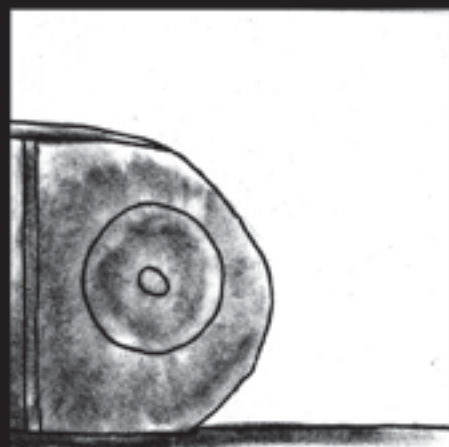

That's the third  
pair this week.

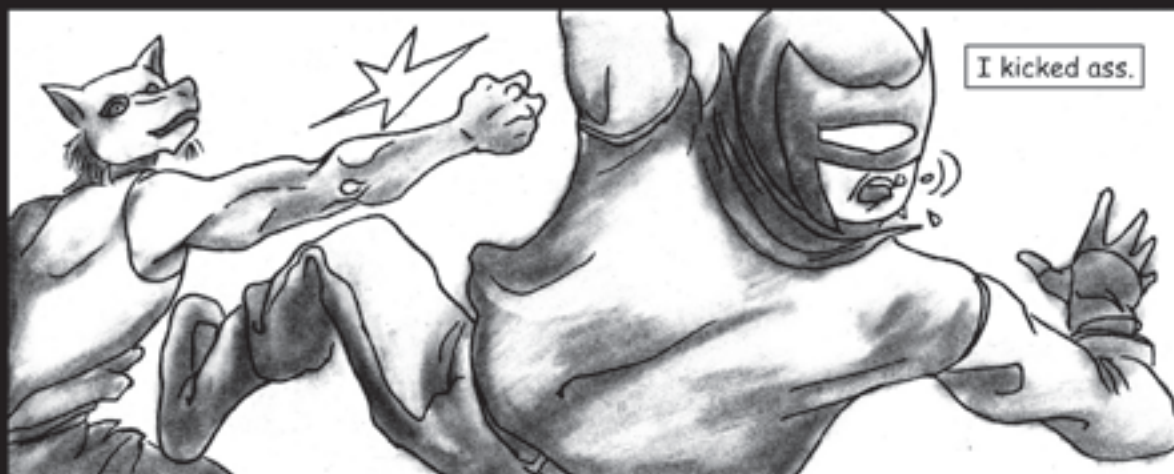

God, my life is ... awesome.  
I need to get ripped.

Yeah, I kick ass.

I totally made his  
left nut vanish!

Do you think  
El Fox is still  
mad about the  
left nut?

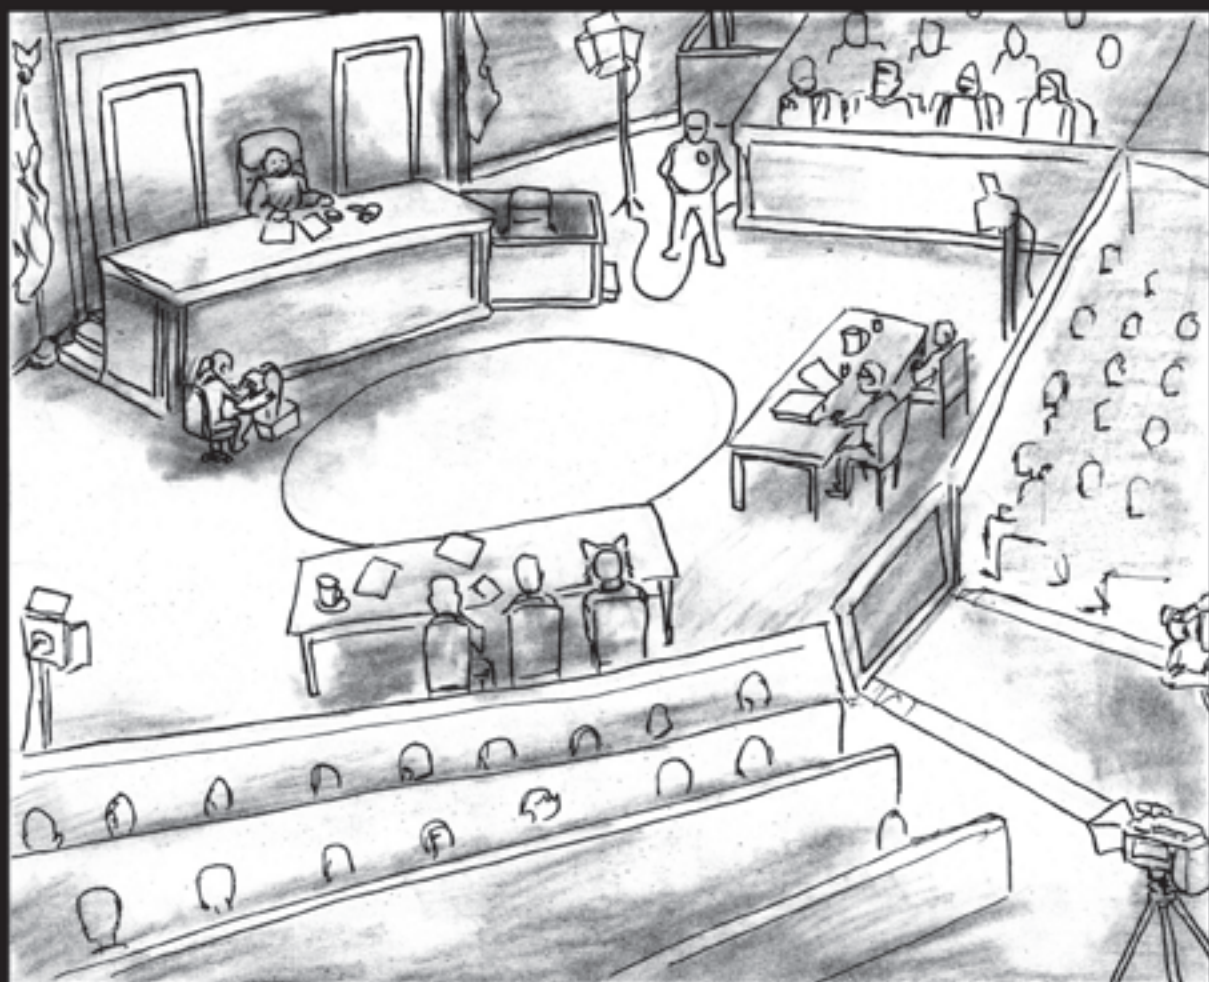

That was sweet  
wasn't it?

He's half the  
man I am, yeah!

Thanks gang!  
We'll see you  
after the trial!

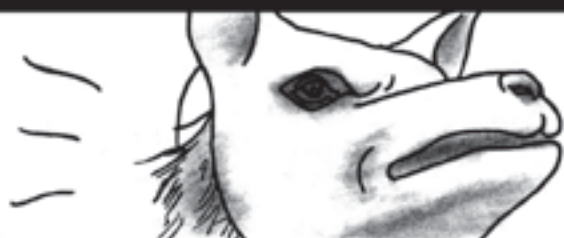

A one, El Fox, sits accused of exterminating 150 white-collared, CEOs - a minority group, in 1997. Assassinating right wing seal clubbers in 2002. He also patented the electric car, and made it so GM had to discontinue their electric car in the nineties. Plus, he has bad breath.

Heh, bad breath?!

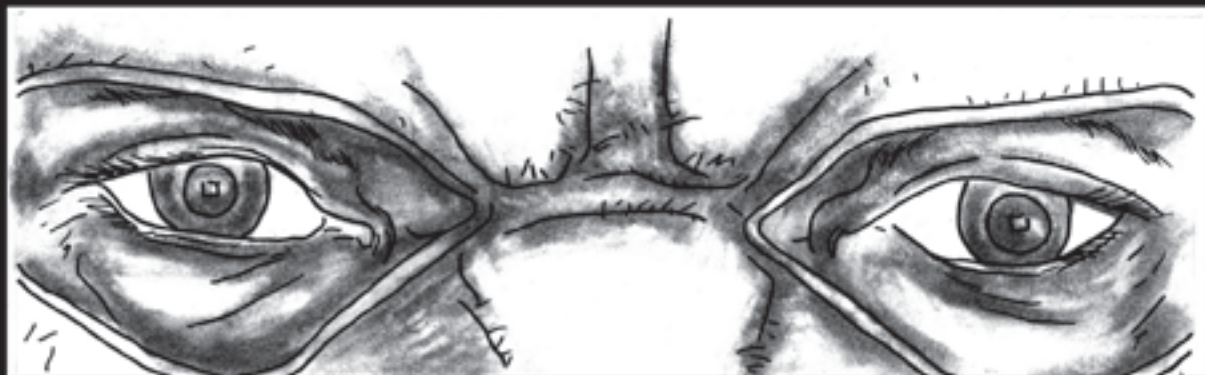

Off with his head!

Call your next witness.

I call the Exquisite Vanishteer to the witness stand.

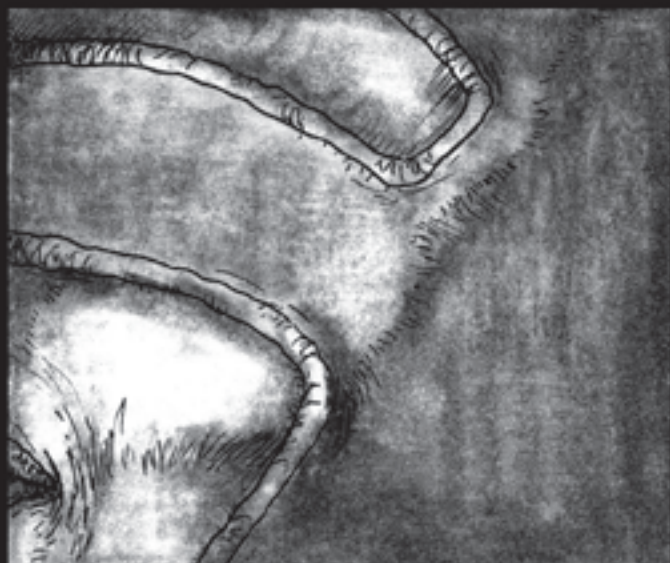

About this time I  
realize I'm awake.

I'm alive.

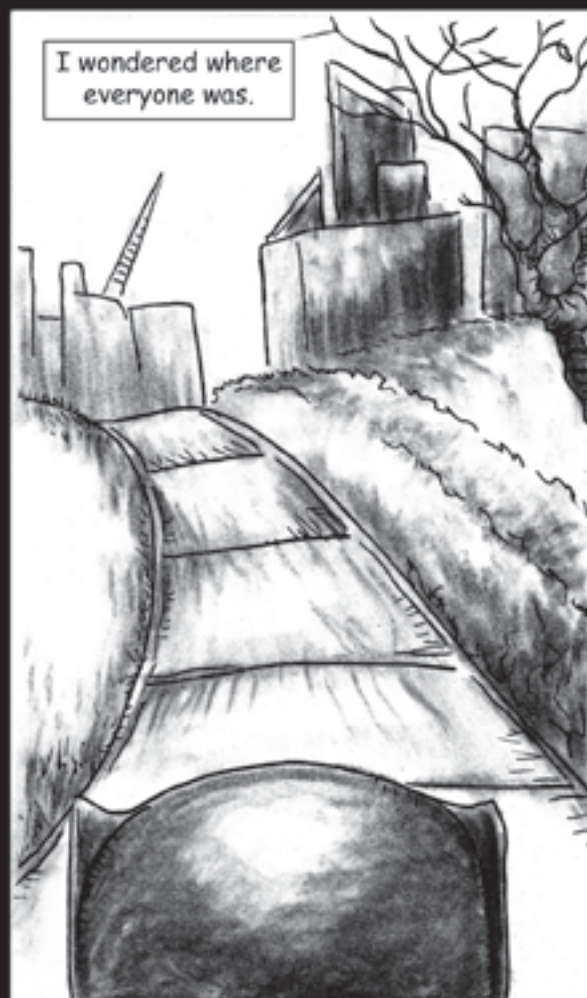

I felt sick and empty.

There was no one.

I wondered where everyone was.

Then I realize...

... I made them all vanish.

Thank you for watching my  
dvd set. Till next season.
